IMPORTANT INFORMATION AND DISCLAIMERS

Certain items may not be available for sale to certain customer segments as well as customers under 18 years old. Shipping and handling and sales tax/use tax are not included in prices shown.

Batteries are not included with most products. Various trademarks displayed are owned by their respective companies.

RadioShack cannot be liable for pictorial or typographical inaccuracies. All product specifications, including dimensions, are subject to change without notice. Prices shown are cash prices in U.S. dollars, are subject to change without notice, and may vary by location and sales channel. Shipping and handling fees are also subject to change without notice. We reserve the right to limit quantities.

Items in this catalog are not available in all locations or all sales channels.

Some products sold by RadioShack come with a limited warranty or software license provided by a third-party manufacturer or vendor. All merchandise which does not include a warranty and/or software license by the manufacturer, vendor or RadioShack is sold AS IS, without warranty. RadioShack makes no other warranties of any kind, express or implied, including any warranty of merchantability or fitness for a particular purpose with regard to the merchandise. Products which have been subject to misuse (including static discharge), neglect, accident or modification, or which have been soldered or altered during assembly and are not capable of being tested, are excluded from any warranty by RadioShack. RadioShack shall have no liability to Customer or any other person or entity with respect to any liability, loss or damage arising out of or connected with the merchandise including, but not limited to, any claim for incidental or consequential damages, regardless of any warranty included with the merchandise. Please refer to the manufacturer's or vendor's warranty included with the merchandise to determine the remedies available in the event of a defect in materials or workmanship. The products we sell are not authorized for use as critical components in human implantable devices, or life support devices or systems. A critical component is any component of a human implantable device, a life support device or system, whose failure to perform can be reasonably expected to cause the failure of the implant, life support device or system, or to affect its safety or effectiveness. Some states do not allow limitation on implied warranties, such as warranties of merchantability or fitness for a particular purpose, or the exclusion of incidental or consequential damages, so the above limitations or exclusions may not apply to you. In addition, you may have other rights which vary from state to state.
